

REACH Declaration of Conformity

Document no./ month Year: DOC02520789-0004 / 01.2024

As a downstream user under **REACH Regulation**, we hereby declare that we fulfil all applicable obligations for our articles as laid down in the harmonization regulation.

REGULATION (EC) No 1907/2006 – **REACH Regulation** (OJ L 396, 30.12.2006)

The products supplied by KOSTAL Industrie Elektrik GmbH & Co KG mentioned in the attachment to this declaration contain substances of very high concern (SVHC) in a concentration above 0.1 % published in the Candidate List (<https://echa.europa.eu/candidate-list-table>) by ECHA (<https://echa.europa.eu/home>) according to Art. 33 of the REACH Regulation.

Our suppliers are obliged to inform us without being asked if the products they supply contain an SVHC substance in a concentration above 0.1%. We comply with the obligation according to Article 33 of the REACH Regulation and inform our customers immediately if we receive such information from our suppliers and thus, according to the latest information, the permitted mass percentage threshold for an SVHC substance is exceeded in our products.

This declaration applies to all articles, which are manufactured in line with the corresponding production drawings - which form part of the technical documents. This declaration becomes invalid if a change is made to the article.

This declaration is made for and on behalf of the manufacturer or the manufacturer's authorized representative

The products supplied by KOSTAL Industrie Elektrik GmbH & Co KG contain substances of very high concern (SVHC) in a concentration above 0.1 % published in the Candidate List (<https://echa.europa.eu/candidate-list-table>) by ECHA (<https://echa.europa.eu/home>) according to Art. 33 of the REACH Regulation:

Since KOSTAL Industrie Elektrik GmbH & Co KG is not producing any raw materials used for manufacturing its products, compliance with the statement formulated above has not been verified by tests or analysis, but is declared based on the information available to us by our raw material suppliers. It can therefore not be excluded that trace levels of these substances may be unintentionally present (amongst others because they may be ubiquitous in the environment) or may result from the specific characteristics of the raw materials or the manufacturing process. It is the responsibility of the recipient of our products to ensure that any local applicable rules and legislation are observed. This document is valid exclusively for the current state of the products and raw materials.
